

2016年6月大学英语六级考试真题解析

(第二套)

Part I Writing

◎行文思路◎

第一段:

1. 由科技发展入手, 简述其给教育带来的便利;
2. 描述在线学习的现状。

第二段:

1. 概述人们对于在线学习有不同的看法;
2. 列举在线学习可能引发的问题;
3. 由可能存在的问题过渡到主旨: 在线学习利大于弊;
4. 列举在线学习的好处。

第三段:

总结在线学习利大于弊, 但也要谨慎使用。

参考范文

The development of technology has brought people great convenience in the area of education. Nowadays an increasing number of people are learning online. E-learning has gained its popularity among people of different ages and different professions.

Though e-learning has become very common in everyday life, people have developed mixed feelings towards this new mode of learning. Some worry that e-learning neglects the importance of communication between teachers and students. Some are concerned that some false or negative information online may impede students' learning. In spite of the possible problems that may be caused by e-learning, the advantages of it still outweigh the disadvantages. E-learning provides learners with more choices of learning time, which facilitates efficiency of learning. Learners can learn at their own pace. Besides, learners are exposed to mass information through online learning. E-learning is usually carried out by combining with traditional learning nowadays, therefore teachers and students could still have the chance to communicate face-to-face.

In all, e-learning has become widely used in today's school. It has provided people with great efficiency and mass information. If e-learning is properly employed with caution, it would bring greater benefits for people.

Part II Listening Comprehension

Section A

Conversation One

听力原文 & 译文

W: (1) So, Mike, you manage the innovation project at CucinTech.	女: 这么看来, 麦克, 你是在 CucinTech 公司管理创新项目。
M: I did indeed.	男: 是的, 没错。
W: Well then, first, congratulations. (1) It seems to have been very successful.	女: 好的, 那么首先得恭喜你。这个项目似乎到目前为止都相当的成功。
M: Thanks. Yes, I really help things turn around at CucinTech.	男: 谢谢。确实是这样, 我使 CucinTech 公司里的事进行得很顺利。
W: (2) Was the revival in their fortunes entirely due to strategic innovation?	女: 公司财富的复苏是否完全归功于战略创新呢?

M: (2) Yes, yes, I think it was. CucinTech was a company who were very much following the pack, doing what everyone else was doing and getting rapidly left behind. I could see there was a lot of talent there, and some great potential, particularly in their product development. I just had to harness that somehow.

W: Was innovation at the core of the project?

M: (3) Absolutely. If it doesn't sound like too much of a cliché, our world is constantly changing and it's changing quickly. We need to be innovating constantly to keep up with this. Stand still and you're lost.

W: No stopping to sniff the roses?

M: Well, I'll do that in my personal life. Sure. But as a business strategy, I'm afraid there is no stopping.

W: What exactly is strategic innovation then?

M: Strategic innovation is the process of managing innovation, of making sure it takes place at all levels of the company, and that is related to the company's overall strategy.

W: I see.

M: So, instead of innovation for innovation's sake and new products being created simply because the technology is there, the company culture must switch from these pointing-time innovations to continuous pipeline of innovations from everywhere and everyone.

W: How did you align strategies throughout the company.

M: I soon became aware that campaigning is useless. People take no notice. Simply, it came about through good practice trickling down. This built consent. People could see it was the best way to work.

W: Does innovation on this scale really give a competitive advantage?

M: I am certain of it. Absolutely. Especially if it's difficult for a competitor to copy. (4) The risk is, of course, that innovation may frequently lead to imitation.

W: But not if it is strategic?

M: Precisely!

W: Thanks for talking to us.

M: Sure.

男: 是的, 是的, 我认为是这样的。CucinTech 以前是个特别循规蹈矩的公司, 做着和其他公司一样的事并很快在竞争中落后了。我能看出来公司有很多人才, 也有很大的潜力, 尤其是产品研发部门。我只是需要想办法利用起这些优势。

女: 创新是这个项目的核心吗?

男: 绝对是。这可能有点陈词滥调了, 但我们的世界正持续而快速地变化着。我们必须持续创新才能跟得上这种变化, 而固步自封的话就会失败。

女: 不停下来享受一下成果吗?

男: 嗯, 我在私人生活中会这样做。但是在商业战略上来讲, 恐怕没有“停止”这个概念。

女: 那么战略创新到底是什么呢?

男: 战略创新是通过确保创新发生在公司各个层面上的一个对创新进行管理的过程, 它也和公司的整体战略息息相关。

女: 我明白了。

男: 所以, 并不是为了创新而创新, 或者因为有现成的科技才做新产品。公司文化必须从这种目的性很强的创新行为转变到一种引导全员、全部门持续创新的机制上来。

女: 你是如何在公司推行这一策略的呢?

男: 我很快就意识到宣传推广是没有用的, 人们根本不会去注意。它单纯是通过实践体验的渗透达成的。这创造了认同感, 人们能意识到创新才是最好的工作方式。

女: 技术上的创新真的能创造竞争优势吗?

男: 我对此深信不疑, 尤其是当这种创新难以被竞争对手复制的时候。当然, 风险在于创新会经常引来模仿。

女: 但如果是战略创新就不会了?

男: 正是。

女: 感谢你接受我们的采访。

男: 客气了。

1. A) The project the man managed at CucinTech.

B) The updating of technology at CucinTech.

C) The man's switch to a new career.

D) The restructuring of her company.

男士在 CucinTech 公司负责的项目。

CucinTech 的技术更新。

男士的新工作变动。

女士公司的重组。

【听前预测】C、D 选项分别与两个说话人的情况有关, 比较易于区分。需要注意的是 A、B 选项的区分, 听音时重点关注提到的是技术还是项目。因为该题是第一题, 可以猜测题目可能与主旨相关, 或仅仅与听力内容的最前部分有关。

Q: What seems to have been very successful according to the woman speaker?

【解析】对话第一句女士就提到了男士负责的项目, 之后女士又向男士表达了祝贺, 并陈述 It seems to have been very successful, 故选 A 项。B 选项 technology 在对话中有被提到, 但是与问题

中的关键词 successful 没有太大关系, 可以排除。C、D 选项则是对话中完全没有提到的内容, 也可以排除。

2. A) Talented personnel. 人才。
B) Strategic innovation. 战略创新。
C) Competitive products. 有竞争性的产品。
D) Effective promotion. 高效的推广。

【听前预测】四个选项都与公司的发展有关, 且都是起促进作用, 因此单纯根据选项不易判断提问将考查的内容。听音时要注意谈论男士项目计划的前后是否有提及选项中的内容, 是否通过对话将某一选项突出表现。

Q: What did the company lack before the man's scheme was implemented?

【解析】对话中女士向男士提问公司战略创新是否带来了公司财富的复苏, 男士肯定了女士的说法。同时男士也提到了人才、产品研发, 但男士只是说要想办法利用这些优势, 说明这些是公司原本就有的, 排除选项 A、C。对话中提到男士认为宣传推广对于创新是没有用的, 说明公司原来也有宣传推广, 排除选项 D。故选 B。

3. A) Expand the market. 扩大市场。
B) Recruit more talents. 广招人才。
C) Innovate constantly. 持续创新。
D) Watch out for his competitors. 提防对手。

【听前预测】四个选项都是公司运营的策略。该题很可能是细节题, 可猜测与公司的后续发展相关。有了前两个问题的铺垫, 在做这道题上已经有了一定的提示, 即创新主题。可以重点关注对话中提及创新的内容。

Q: What does the man say he should do in his business?

【解析】虽然对话中没有非常明确地说明男士认为应该做些什么, 但有很重点地提到需要通过持续的创新来紧跟时代的变化 (need to be innovating constantly to keep up with this)。选项 A、B 在该话题上并没有被提及, 可排除。尽管对话中有提到创新可能引起对手的模仿, 但男士并没有明确指出应当提防对手, 可排除选项 D。故选 C。

4. A) Possible bankruptcy. 可能的破产。
B) Unforeseen difficulties. 无法预料的困难。
C) Conflicts within the company. 公司内部的矛盾。
D) Imitation by one's competitors. 对手的模仿。

【听前预测】四个选项都有明显的负面意味, 可猜测问题可能也是细节题, 对公司可能面临的危机进行提问。

Q: What does the man say is the risk of innovation?

【解析】A、B、C 三个选项在对话中都没有被提及, 因此该题可以通过排除法, 得出正确选项为 D 项。同时也可以根据对话内容进行判断, 对话中男士说到创新的风险是对手可能会进行模仿, 故选 D。

Conversation Two

听力原文 & 译文

M: (5) Today my guest is Dana Ivanovich who has worked for the last twenty years as an interpreter. Dana, welcome.

W: Thank you.

M: Now I'd like to begin by saying that I have on occasions used an interpreter myself, as a foreign correspondent, (6) so I am full of admiration for what you do. But I think your profession is sometimes underrated, and many people think anyone who speaks more than one language can do it...

男: 今天我们的嘉宾是戴娜·伊万诺维奇, 她在过去二十年一直从事口译工作。戴娜, 欢迎你。

女: 谢谢。

男: 首先我要说, 作为一名外国记者, 我时不时会需要翻译员, 所以我非常钦佩你的工作。但我认为你的职业经常被低估, 很多人都认为能说多国语言的人就能做口译工作。

W: (7) <u>There aren't any interpreters I know who don't have professional qualifications and training.</u> You only really get proficient after many years in the job.	女: 我认识的所有口译者都是有专业资质并受过正规训练的。只有在这行工作若干年后你才能成为老手。
M: And am I right in saying you can divide what you do into two distinct methods, simultaneous and consecutive interpreting?	男: 你的工作可以分成两种不同的方式——同声传译和交替传译, 我说的对吗?
W: That's right. The techniques you use are different, and a lot of interpreters will say one is easier than the other, less stressful.	女: 没错, 两种方式所使用的技巧是不同的。而且很多口译者都会说其中一种比另一种要容易, 压力要小很多。
M: Simultaneous interpreting, putting someone's words into another language more or less as they speak, sounds to me like the more difficult.	男: 在我看来, 似乎是在一个人发言的时候把他说的话同步翻译成另一种语言的同声传译更难。
W: Well, actually no, (8) <u>most people in the business would agree that consecutive interpreting is the more stressful.</u> You have to wait for the speaker to deliver quite a chunk of language, before you then put it into the second language, which puts your short term memory under intense stress.	女: 实际上不是。这行中的大多数人都会同意交替传译更有压力。你必须等发言者用一种语言说完一大段话之后才可以把它翻译成另一种语言, 这会给你的短期记忆造成很大的压力。
M: You make notes, I presume.	男: 我估计你们肯定要记笔记吧。
W: Absolutely, anything like numbers, names, places, have to be noted down, but the rest is never translated word for word. You have to find a way of summarising it so that the message is there. Turning every single word into the target language would put too much strain on the interpreters and slow down the whole process too much.	女: 绝对是, 数字、人名、地点这些东西都必须写下来, 但其余的内容从来都不会是字字对应地翻译。你必须找个办法总结它, 把信息传达到。把每个字都翻译成目标语言对口译者的限制太大了, 也会严重拖慢翻译过程。
M: But with simultaneous interpreting, you start translating almost as soon as the other person starts speaking. You must have some preparation beforehand.	男: 但是在同声传译中, 你在另一个人开始说话的时候就要开始翻译了。你必须在事前做些准备。
W: Well, hopefully the speakers will let you have an outline of the topic a day or two in advance. You have a little time to do research, prepare technical expressions and so on.	女: 嗯, 但愿发言者会提前一两天给你一个发言话题的大纲。这样你就有一点时间做研究, 准备好专业术语之类的东西。

5. A) The job of an interpreter.

B) The stress felt by professionals.

C) The importance of language proficiency.

D) The best way to effective communication.

一名口译者的工作。

专业人士的压力。

语言水平的重要性。

有效沟通的最佳方式。

【听前预测】A、C、D 三个选项都与语言相关，且都是概括性的短语。可猜测该题可能考查对话内容的大意，或者对话开头谈及的重点内容。

Q: What're the speakers mainly talking about?

【解析】在对话开头，男士介绍了一位从事口译工作的女士，随后两人又针对口译工作进行了更多的讨论，由此可判断，对话应该是围绕着口译这一职业的内容进行的，故选 A。

- | | |
|------------------|--------|
| 6. A) Promising. | 有前途的。 |
| B) Admirable. | 令人钦佩的。 |
| C) Rewarding. | 有报酬的。 |
| D) Meaningful. | 有意义的。 |

【听前预测】四个选项都是形容词，因此可以猜测该题考查的应该是对某一事物的态度。听音时应关注是否有涉及说话者态度的内容。

Q: What does the man think of Dana's profession?

【解析】在对话比较靠前的部分，男士表达了对口译这份工作的钦佩，并用了 admiration 一词，故选 B。

- | | |
|--|---------------|
| 7. A) They all have a strong interest in language. | 他们都对语言有强烈的兴趣。 |
| B) They all have professional qualifications. | 他们都有专业资质。 |
| C) They have all passed language proficiency tests. | 他们都通过了语言水平测试。 |
| D) They have all studied cross-cultural differences. | 他们都学习了跨文化差异。 |

【听前预测】选项中都有 They 一词，因此首先要明确对话中提及的 they 是指哪个群体。本题考查细节，需要适当做记录。

Q: What does Dana say about the interpreters she knows?

【解析】解题的关键词在女士的第二次发言中。男士说许多人认为只要是会一门以上语言的人都可以做口译工作，女士表达了自己的见解，说自己认识的所有口译者都有专业资质，同时受过正规的训练。女士的说法与 B 选项最为契合，故选 B。

- | | |
|---|--------------------|
| 8. A) It requires a much larger vocabulary. | 它要求更大的词汇量。 |
| B) It attaches more importance to accuracy. | 它更强调了准确的重要性。 |
| C) It is more stressful than simultaneous interpreting. | 它比同声传译更有压力。 |
| D) It puts one's long-term memory under more stress. | 它让人的长期记忆处于更紧张的状态下。 |

【听前预测】该题与第 7 题相似，需要猜测并关注 It 指代的对象是什么。通过四个选项可以猜测 It 应该与某种特定的翻译工作有关。听音时重点应放在说话者对该种翻译的态度上。

Q: What do most interpreters think of consecutive interpreting?

【解析】男士在对话中表达了同声传译的难度更高的想法，随后遭到作为口译译员的女士的反对。女士表示大多数内行认为交替传译的压力要比同声传译来得更大。因为问题问的是大部分口译工作者的看法，因此应该参考女士的意见。A、B 选项没有被提及，D 选项则与女士说话的内容有出入，女士提到的是 short-term memory，因此 A、B、D 选项均可排除。故选 C。

Section B

Passage One

听力原文 & 译文

(9) Mothers have been warned for years that sleeping with their newborn infant is a bad idea because it increases the risk that the baby might die unexpectedly during the night. (10) But now Israeli researchers are reporting that even sleeping in the same room can have negative consequences, not for the child, but for the mother.

Mothers who slept in the same room as their infants, whether in the same bed or just the same room, had poorer sleep than mothers whose babies slept elsewhere in the house. They woke up more frequently, were awake approximately 20 minutes longer per night, and had shorter periods of uninterrupted sleep. These results held true even taking into account that many of the women in the study were breastfeeding their babies.

Infants, on the other hand, didn't appear to have worse sleep whether they slept in the same or different room from their mothers.

The researchers acknowledge that since the families they studied were all middle-class Israelis, it's possible the results would be different in different cultures. Lead author Liat Tikotzky wrote in an email that the research team also didn't measure fathers' sleep, so it's possible that their sleep patterns could also be causing the sleep disruptions for moms.

Right now, (11) to reduce the risk of sudden infant death syndrome, the American Academy of Pediatrics recommends that mothers not sleep in the same beds as their babies, but sleep in the same room.

The Israeli study suggests that doing so may be best for the baby, but may take a toll on Mom.

多年来妈妈们一直被警告，和新出生的婴儿一起睡不是个好主意，因为这会增加婴儿在夜间意外死亡的风险。但是现在以色列的研究者们报告称，即使和孩子睡在同一个屋子里都会产生负面影响，不是对孩子，而是对妈妈。

不管同床与否，和她们的孩子睡在同一间屋子里的妈妈们的睡眠质量低于和婴儿分房睡的妈妈们。她们醒得更频繁，晚上醒来的时间会比分房睡的妈妈多 20 分钟，不受打扰的睡眠时间也短得多。即使考虑到被研究的妈妈们有很多在用母乳喂养孩子，这个结果也依然成立。

另一方面，无论是不是与母亲同房睡，婴儿们的睡眠质量都没有表现出恶化。

研究者们承认，由于他们调研的都是以色列的中产阶级家庭，所以研究结果在不同文化中可能是不一样的。第一作者利亚特·提库斯凯在一封电子邮件中写道，研究团队也没有研究父亲的睡眠情况。所以也有可能是父亲的睡眠模式导致母亲的睡眠被打扰。

目前，为了减少婴儿突然死亡的风险，美国儿科学会建议妈妈们和她们的孩子同房睡但不要同床睡。

以色列这项研究还表明，这样做或许对婴儿是最好的，妈妈可能要付出代价。

全文预测：选项中出现频率较高的词有 mother, baby, health, sleep 等。因此本文可能与母婴健康有比较大的关系。

9. A) It might affect mothers' health.

它可能会影响母亲的健康。

B) It might disturb infants' sleep.

它可能会干扰婴儿的睡眠。

C) It might increase the risk of infants' death.

它可能会增加婴儿死亡的风险。

D) It might increase mothers' mental distress.

它可能会增加母亲的精神苦闷。

【听前预测】四个选项都是以 It 开头，表明是对某件事的描述。选项中有 affect health、disturb sleep、risk of death 以及 mental distress，说明此事对身体健康有负面影响。由于四个选项都是具有明显负面含义的，因此在听音的时候需要注意定位。

Q: What is the long-held view about mothers sleeping with newborn babies?

【解析】录音的开头就陈述了这样一个观点：母亲和婴儿同睡一张床会增加婴儿在夜间意外死亡的风险。

风险, 故选 C。选项 A 具有干扰性, 但它是最近的发现, 而不是长期以来人们持有的观点。选项 B 虽然有一定的相关性, 但是没有选项 C 具体。选项 D 则与问题所问的内容有一定的差距。

10. A) Mothers who breast-feed their babies have a harder time falling asleep. 母乳喂养的母亲更难入睡。
- B) Mothers who sleep with their babies need a little more sleep each night. 和婴儿一起睡的母亲每晚都需要多一些的睡眠。
- C) Sleeping patterns of mothers greatly affect their newborn babies' health. 母亲的睡眠模式严重影响新生儿的健康。
- D) Sleeping with infants in the same room has a negative impact on mothers. 和婴儿睡在同一个房间对母亲有负面的影响。

【听前预测】四个选项都是对观点的陈述, 需要通过对录音内容细节的分析来判断选项。

Q: What do Israeli researchers' findings show?

【解析】关键词为 Israeli researchers, 录音中以色列研究人员发现如果母亲和婴儿睡在同一个房间, 母亲会受到负面的影响, 故选 D。

11. A) Change their sleep patterns to adapt to their newborn babies'. 改变她们的睡眠模式来适应新生儿的睡眠模式。
- B) Sleep in the same room but not in the same bed as their babies. 和新生儿睡在同一个房间, 但不睡同一张床。
- C) Sleep in the same house but not in the same room as their babies. 和新生儿睡在同一个房子里, 但不睡在同一个房间。
- D) Take precautions to reduce the risk of sudden infant death syndrome. 为减少新生儿夜间死亡的风险做出预防措施。

【听前预测】首先通过对全文的预测可知选项中的 they 和 their 指代的都是母亲。四个选项讲述的是不同的措施。根据选项的内容可以猜测, 问题可能与如何保证母亲和婴儿的健康有关。

Q: What does the American Academy of Pediatrics recommend mothers do?

【解析】解题的关键在于把握与美国儿科学会 (American Academy of Pediatrics) 观点有关的内容。录音的较后部分提到美国儿科学会建议母亲不要跟婴儿同床睡, 但可以睡在一个房间, 故选 B。

Passage Two

听力原文 & 译文

(12) The US has already lost more than a third of the native languages that existed before European colonization and the remaining 192 are classed by the UNESCO as ranging between unsafe and extinct.

"We need more funding and more effort to return these languages to everyday use," says Fred Nahwooksy of the National museum of the American Indian, (13) "we are making progress, but money needs to be spent on revitalizing languages, not just documenting them."

在欧洲殖民之前存在于美国的本土语言, 已经有超过三分之一都失传了, 保留下的 192 种语言已经被联合国教科文组织列在“不安全等级”与“灭绝等级”之间。

“我们需要更多资金以及更多努力以使这些语言回归到日常生活的使用中,” 美国印第安国家博物馆的佛瑞德·纳赫伍斯基说道。“我们正在取得进步, 但复兴语言是要花钱的, 而不是简单记录它们。”

Some 40 languages mainly in California and Oklahoma where thousands of Indians were forced to relocate in the 19th century have fewer than 10 native speakers.

Part of the issue is that tribal groups themselves don't always believe their languages are endangered until they are down to the last handful of speakers. "But progress is being made through immersion schools, because if you teach children when they are young, it will stay with them as adults and that's the future," says Mr. Nahwooksy, a Comanche Indian. Such schools have become a model in Hawaii, but the islanders' local language is still classed by the UNESCO as critically endangered because only 1,000 people speak it.

(14) The decline in the American Indian languages has historical roots: In the mid-19th century, the US government adopted a policy of Americanising Indian children by removing them from their homes and culture. Within a few generations most had forgotten their native tongues.

(15) Another challenge to language survival is television. It has brought English into homes, and pushed out traditional storytelling and family time together, accelerating the extinction of native languages.

大约有 40 门语言都只有不到 10 位原生使用者了。这些语言主要来自 19 世纪数以千计印第安人被定居的加利福尼亚州和俄克拉荷马州。

这个问题的一部分原因在于直到语言使用者的人数下降到极少数之前，部落组织自身都不相信他们的语言正面临危险。“但是沉浸式学校正在改善这一情况，因为一旦你在孩子们年幼的时候教会他们，他们成年后还会记得，而这就是语言的未来。”科曼奇印第安人纳赫伍斯基先生说道。在夏威夷，这样的学校已经成为了模范。但当地岛民的语言仍然被联合国教科文组织划为极度濒危等级，因为只有 1 000 人在使用它。

美国印第安语言数量的下降是有历史原因的。在 19 世纪中期，美国政府采取了通过将印第安儿童从其家庭和文化中剥离出来的方式来美国化他们的政策。历经几代人之后大部分印第安人不记得自己的本土语言了。

另一个对语言存活的威胁是电视机。它已经把英语带入了各个家庭，并把讲故事的 tradition 与家庭同聚的时间赶了出去，这加速了这些本土语言的灭绝。

全文预测：选项中比较高频的词有 native language, endangered language, Indian languages, the US 等，可以推测本文与美国对本土语言面临的困境和对其的保护有关。

12. A) A lot of native languages have already died out in the US. 很多美国本土语言已经灭绝。

US.

B) The US ranks first in the number of endangered languages. 美国拥有最大数量濒临灭绝的语言。

C) The efforts to preserve Indian languages have proved fruitless. 对印第安语言的保护已经被证明是失败的。

D) More money is needed to record the native languages in the US. 需要更多的资金来记录美国的本土语言。

【听前预测】四个选项都是具体的描述，因而该题可能为细节题，同时也可能考查对主旨的概括。需要在听音时做必要的记录，以便做题时更准确地回顾。

Q: What do we learn from the report?

【解析】录音的开头就指出美国已经失去了超过三分之一的本土语言。选项 B 在录音中并没有被提及。选项 C 则与文章表达的意思相悖，因为对印第安语言的保护措施仍在进行中。录音中说到复兴这些语言需要资金，而不是说需要更多的资金来记录美国的本土语言，因此排除选项 D。故选 A。

13. A) To set up more language schools. 设立更多的语言学校。
 B) To document endangered languages. 记录濒临灭绝的语言。
 C) To educate native American children. 使更多美国本土孩子受教育。
 D) To revitalise America's native languages. 复兴美国的本土语言。

【听前预测】根据选项内容可猜测该题应该会就语言保护的措施进行提问，属于细节题。

Q: For what purpose does Fred Nahwooksy appeal for more funding?

【解析】录音中美国印第安国家博物馆的佛瑞德·纳赫伍斯基提到过，需要资金的支持来复兴这些语言，而不仅仅是记录它们。故选 D。

14. A) The US government's policy of Americanising Indian children. 美国政府对印第安儿童实行的美国化政策。
 B) The failure of American Indian languages to gain an official status. 美国印第安语言在获得官方地位上的失利。
 C) The US government's unwillingness to spend money educating Indians. 美国政府不愿将资金花在教育印第安人身上。
 D) The long-time isolation of American Indians from the outside world. 美国印第安人长时间与外界隔绝。

【听前预测】四个选项是对事实或具体措施的描述，猜测可能与解释某一现象有关。该题也涉及比较细节的问题，建议听音时可以在选项上做适当的笔记。

Q: What is the historical cause of the decline in the American Indian languages?

【解析】录音中提到了美国印第安语言衰落的历史原因，即美国政府在 19 世纪中期推行了将印第安儿童美国化的政策，表达明确，因此可以排除 B、C、D 选项。故选 A。

15. A) It is being utilised to teach native languages. 它被用来教授本土语言。
 B) It tells traditional stories during family time. 它在家庭时间讲述传统故事。
 C) It speeds up the extinction of native languages. 它加速了本土语言的灭亡。
 D) It is widely used in language immersion schools. 它被广泛使用于语言浸入式学校。

【听前预测】每个选项中都有 It，且通过选项内容可以猜测，问题可能与语言保护相关。提示做题者应当关注录音中可能提及的某一物体、措施或行为及其可能产生的影响。

Q: What does the speaker say about television?

【解析】录音的最后部分提到了电视对语言存活的挑战，指出电视加速了本土语言的灭亡。选项 A、D 没有被提及；选项 B 虽然被提及，但是与问题本身没有必然联系；选项 C 描述的正是录音文段中表达的意思，故选 C。

Section C

Recording One

听力原文 & 译文

Gregg Rosen lost his job as a sales manager nearly three years ago, and is still unemployed.

It literally is like something in a dream to remember what is like to actually be able to go out and put in a day's work and receive a day's pay.

格雷格·罗斯大概三年前丢掉了自己销售主管的工作，到目前还处于失业状态。

现在回想起当时出门投入一天的工作并获得相应薪水的样子，真的就像在做梦一样。

At first, Rosen bought groceries and made house payments with the help from unemployment insurance. (16) It pays laid-off workers up to half of their previous wages while they look for work. But now that insurance has run out for him and he has to make tough choices. He's cut back on medications and he no longer helps support his disabled mother.

It is devastating experience.

New research says the US recession is now over. But many people remain unemployed and unemployed workers face difficult odds.

There is literally only one job opening for every five unemployed workers. So four out of five unemployed workers have actually no chance of finding a new job.

Businesses have downsized or shut down across America, leaving fewer job opportunities for those in search of work. Experts who monitor unemployment statistics here in Bucks County, Pennsylvania, say about 28,000 people are unemployed, and many of them are jobless due to no fault of their own.

(17) That's where the Bucks County CareerLink comes in. Local director Elizabeth Walsh says they provide training and guidance to help unemployed workers find local job opportunities.

"So here's the job opening, here's the job seeker, match them together under one roof," she said.

But the lack of work opportunities in Bucks County limits how much she can help.

Rosen says he hopes Congress will take action.

This month he launched the 99ers Union, an umbrella organization of 18 Internet-based grassroots groups of 99ers. Their goal is to convince lawmakers to extend unemployment benefits. But Pennsylvania State Representative Scott Petri says governments simply do not have enough money to extend unemployment insurance.

(18) He thinks the best way to help the long-term unemployed is to allow private citizens to invest in local companies that can create more jobs. But the boost in investor confidence needed for the plan to work will take time. Time that Rosen says still requires him to buy food and make monthly mortgage payments.

Rosen says he'll use the last of his savings to try to hang onto the home he worked for more than 20 years to buy. But once that money is gone, he says he doesn't know what he'll do.

一开始, 罗斯先生在失业保险的帮助下购买杂货、交房租。失业保险可以在人们寻找工作期间支付给他们先前工资一半的钱。但现在他的失业保险已经用光了, 所以他得做艰难的选择。他已经停掉了药物治疗, 也没法再帮助自己残疾的母亲。

这是种毁灭性的体验。

最新的研究表明, 美国的衰退已经结束了, 但很多人还是处于失业状态, 而且失业者们也在面临巨大的困难。

对应每五个失业者的确只有一个招人的职位, 所以五分之四的失业者压根没机会找到工作。

全美范围内的企业都在裁员甚至倒闭, 给那些正在找工作的人留下的工作机会更少了。监控宾夕法尼亚州巴克斯郡失业统计数字的专家们说, 大约有 28 000 人失业, 而他们中的大多数并不是因为自身的问题而失业的。

这也正是巴克斯郡就业联系中心介入的重点。当地主管伊丽莎白·沃尔什说他们提供培训和指导以帮助失业的员工在当地找到就业机会。

"所以, 有招人的职位, 也有求职者, 我们要把他们匹配在一起," 她说。

但巴克斯郡工作机会的匮乏使她能做的事很有限。

罗斯说他希望国会能采取行动。

本月他组织了一个叫 99ers 的公会, 是一个联合起 18 个以互联网为基础的草根群体的组织。他们的目标是说服立法者增加失业者福利。

但是宾夕法尼亚州代表斯科特·佩特里说, 政府真的没有足够的钱扩大失业保险了。

他认为帮助长期失业者的最好方法是允许个体公民向那些能产生更多工作岗位的当地企业投资。但该计划成立的前提是投资者信心的提升, 这需要大量的时间。而这段时间里像罗斯这样的人仍需要买食物和还房贷。

罗斯说他会用自己最后的一点积蓄去留住自己为之而工作了 20 年的房子。一旦钱花光了, 他说他也不知道后边该怎么办。

全文预测: 根据所给选项中的关键词 unemployment, workers, payments 等可知, 录音内容应与失业现象有关。同时 creating jobs, providing training, offer them loans 等短语提示录音将会涉及具体的改进措施。

16. A) It pays them up to half of their previous wages while they look for work. 当他们寻找工作时, 它相当于支付他们上一份工作一半的工资。
- B) It covers their mortgage payments and medical expenses for 99 weeks. 它包含了 99 周他们的抵押贷款和医疗花费。
- C) It pays their living expenses until they find employment again. 它在他们找到工作前承担他们的生活支出。
- D) It provides them with the basic necessities of everyday life. 它为他们提供了日常生活的基本必需品。

【听前预测】基于对录音内容大意的了解，可以推测选项中的 It 可能是某个组织或者制度；they 则可能是失业人员。听音时需要重点关注描述对失业人员有利的举措。

Q: How does unemployment insurance help the unemployed?

【解析】录音中明确提到了当失业人员寻找新工作时，失业保险将支付失业人员相当于他们前一份工作工资一半的钱。同时也提到失业保险已经中断了对罗斯的资助，说明这样的资助是有时限的，但是没有提到具体时限，故排除选项 B、C。选项 D 在录音中没有提及，也可排除。故选 A。

17. A) Creating jobs for the huge army of unemployed workers. 为庞大的失业群体创造新工作岗位。
B) Providing training and guidance for unemployed workers. 为失业工人提供训练和指导。
C) Convincing local lawmakers to extend unemployment benefits. 说服当地立法机关提高失业补助。
D) Raising funds to help those having no unemployment insurance. 为没有失业保险的群体筹款。

【听前预测】四个选项都是对措施或行为的描述，因此可以推测问题可能与帮助失业群体的相关措施有关。

Q: What is local director Elizabeth Walsh of the Bucks County CareerLink doing?

【解析】录音中伊丽莎白·沃尔什表示，他们通过提供培训和指导来帮助失业人员寻找工作。选项 A、C、D 都不是伊丽莎白·沃尔什正在做的事情。故选 B。

18. A) To offer them loans they need to start their own businesses. 为失业人员提供贷款，来帮助他们开始发展自己的生意。
B) To allow them to postpone their monthly mortgage payments. 允许失业人员推迟偿还月供。
C) To create more jobs by encouraging private investments in local companies. 通过鼓励私人投资当地公司来创造更多工作岗位。
D) To encourage big businesses to hire back workers with government subsidies. 通过政府补助鼓励大型公司回聘失业人员。

【听前预测】四个选项都是缓解失业问题的相应举措。选项中都含有不定式，推测与行为的目的有关。听音时应重点关注与缓解失业问题的举措有关的部分。

Q: What does Pennsylvania State Representative Scott Petri say is the best way to help the long-term unemployed?

【解析】录音中斯科特·佩特里提到，帮助缓解失业问题的最好办法是通过鼓励私人投资当地公司来创造更多的工作岗位。选项 A、B、D 在录音中都没有提及，故选 C。

Recording Two

听力原文 & 译文

(19) Earlier this year, British explorer Pen Hadow and his team trekked for three months across the frozen Arctic Ocean, taking measurements and recording observations about the ice.

Well, we'd been led to believe that we would encounter a good proportion of this older, thicker, technically multi-year ice that's been around for a few years and just gets thicker and thicker. We actually found there wasn't any multi-year ice at all.

今年早些时候，英国探索者佩恩·哈多和他的团队在冰冻的北冰洋上长途跋涉了三个月，对那里的冰进行了测量和观察记录。

“我们之前倾向于认为我们会碰上几年来一直在这里的更古老、更厚、存在了数年且越来越厚的冰块。然而我们发现这里根本就没有这么一个存在多年的冰块。”

(20) Satellite observations and submarine surveys over the past few years had shown less ice in the polar region, but the recent measurements show the loss is more pronounced than previously thought.

We're looking at roughly 80 percent loss of ice cover on the Arctic Ocean in 10 years, roughly 10 years, and 100 percent loss in nearly 20 years.

(21) Cambridge scientist Peter Wadhams, who's been measuring and monitoring the Arctic since 1971 says the decline is irreversible.

The more you lose, the more open water is created, the more warming goes on in that open water during the summer, the less ice forms in winter, the more melt there is the following summer. It becomes a breakdown process where everything ends up accelerating until it's all gone.

Martin Sommerkorn runs the Arctic program for the environmental charity the World Wildlife Fund.

The Arctic sea ice holds a central position in the Earth's climate system and it's deteriorating faster than expected. Actually it has to translate into more urgency to deal with the climate change problem and reduce emissions.

Sommerkorn says a plan to reduce greenhouse gas emissions blamed for global warming needs to come out of the Copenhagen Climate Change Summit in December.

We have to basically achieve there the commitment to deal with the problem now. That's the minimum. We have to do that equitably and we have to find a commitment that is quick.

Wadhams echoes the need for urgency.

The carbon that we've put into the atmosphere keeps having a warming effect for 100 years. So we have to cut back rapidly now, because it will take a long time to work its way through into a response by the atmosphere. We can't switch off global warming just by being good in the future, we have to start being good now.

(22) Wadhams says there is no easy technological fix to climate change. He and other scientists say there are basically two options to replacing fossil fuels, generating energy with renewables, or embracing nuclear power.

过去几年的卫星观测和潜艇调查都表明极区的冰量减少了,但最近的测量表明,冰量的减少比预想的还要显著。

大约 10 年间我们见证了北冰洋的冰盖减少了大约 80%,在 20 年内会损失 100%。

自从 1971 年起就在监测北极的剑桥大学科学家皮特·瓦德翰称,这种减少是不可逆的。

冰块减少得越多,无冰的水面就越多,到夏天的时候就有更多的热量储存在这部分水中,对应冬天结的冰就越少,第二年夏天融化的冰就更多了。这成为了一个所有东西都在加速消失的崩溃过程。

马丁·萨默科恩负责环境慈善组织世界野生动物基金管理的北极项目。

北极的海冰在地球的气候系统中占据着中心位置,而它正以比预想还要快的速度恶化着。实际上,这需要有更多的应对气候变化问题和减少排放的紧迫感。

萨默科恩说,12 月的哥本哈根气候变化峰会需要出台一个减少全球气候变暖的温室气体排放的计划。

我们至少得达成一致,现在就得着手解决气候问题,这已经是下限了。我们需要公平地来做这个事,我们也需要快速地达成共识。

瓦德翰回应了这种紧迫的需求。

我们排放到大气层的碳能起到 100 年的变暖效应,所以我们现在得马上减排,因为我们的工作需要很长一段时间才能在大气层中起到作用。仅仅是未来的低排放不足以制止全球气候变暖,我们要从现在做起。

瓦德翰说针对气候变化没有简单的技术上的补救方法。他和另一位科学家称基本只有两个选择,要么用可再生能源替代化石燃料,要么就得接受核能源。

全文预测:选项中出现的高频关键词有 Arctic sea, disappear, declining, do a lot of harm 等,可以推测录音内容可能与北极冰层有关,且可能涉及冰层融化带来的危害。

19. A) They measured the depths of sea water. 他们测量了海水的深度。
B) They analyzed the water content. 他们分析了水的成分。
C) They explored the ocean floor. 他们探索了海洋底部。
D) They investigated the ice. 他们研究了冰。

【听前预测】选项中都有 They, 猜测可能是探索北极的研究人员。听音时应重点注意与研究人员的行为相关的部分。

Q: What did Pen Hadow and his team do in the Arctic Ocean?

【解析】录音开始部分就提到了佩恩·哈多和他的团队经过三个月的跋涉, 对北极冰进行了测量和观察。选项 A、B、C 在录音中都没有提及, 故选 D。

20. A) Eighty percent of the ice disappears in summer time. 有 80% 的冰在夏季消失。
B) Most of the ice was accumulated over the past centuries. 大部分冰是过去几个世纪积累而成的。
C) The ice ensures the survival of many endangered species. 冰保证了许多濒危动物的生存。
D) The ice decrease is more evident than previously thought. 冰的减少比之前想象的要更明显。

【听前预测】四个选项是与冰相关的内容, 既有对特点的描述, 也有对现象的展示, 因此听音时需重点注意对冰的描述。

Q: What does the report say about the Arctic region?

【解析】录音中提到, 最近的测量显示, 冰的减少比之前人们设想得要更多, 与 D 选项表达的意思一致。录音中还提到, 10 年内, 北冰洋减少了 80% 的冰, 而不是有 80% 的冰在夏季消失, 排除选项 A。选项 B、C 在录音中并没有提及。故选 D。

21. A) Arctic ice is a major source of the world's fresh water. 北极冰是地球上淡水的主要来源。
B) The melting Arctic ice has drowned many coastal cities. 融化的北极冰已经淹没了许多沿海城市。
C) The decline of Arctic ice is irreversible. 北极冰的减少是不可逆的。
D) Arctic ice is essential to human survival. 北极冰对人类生存至关重要。

【听前预测】四个选项都是对北极冰的描述, 其中选项 B、C 与北极冰的减少带来的影响有关, 选项 A、D 则主要描述北极冰的重要性。听音时应重点关注对北极冰本身的叙述和其减少可能带来的影响的描写, 注意细节。

Q: What does Cambridge scientist Peter Wadhams say in his study?

【解析】录音中明确提到, 皮特·瓦德翰认为北极冰的减少是不可逆的过程, 与选项 C 的说法一致。而选项 A、B、D 在录音中并没有被提及。故选 C。

22. A) It will do a lot of harm to mankind. 它将对人类造成很大的危害。
B) There is no easy way to understand it. 想要弄懂它很难。
C) It will advance nuclear technology. 它将推动核能技术的发展。
D) There is no easy technological solution to it. 没有简单的技术可以解决它。

【听前预测】根据对录音内容的预先判断可以知道，选项中的 It 可能是北极冰的减少或北极冰消失带来的影响。听音时应重点关注北极冰的消失及其可能带来的影响。

Q: How does Peter Wadhams view climate change?

【解析】录音的最后，皮特·瓦德翰提到了没有简单的技术能够解决气候变化的问题，与选项 D 的表述基本一致。选项 A、B、C 都没有被明确提及，故选 D。

Recording Three

听力原文 & 译文

From a very early age, some children exhibit better self-control than others. (23) Now, a new study that began with about 1,000 children in New Zealand has tracked how a child's low self-control can predict poor health, money troubles and even a criminal record in their adult years. Researchers have been studying this group of children for decades now. Some of their earliest observations have to do with the level of self-control the youngsters displayed. Parents, teachers, even the kids themselves, scored the youngsters on measures like "acting before thinking" and "persistence in reaching goals." The children of the study are now adults in their 30s. Terrie Moffitt of Duke University and her research colleagues found that kids with self-control issues tended to grow up to become adults with a far more troubling set of issues to deal with.

The children who had the lowest self-control when they were aged 3 to 10, later on had the most health problems in their 30s, and they had the worst financial situation. And they were more likely to have a criminal record and to be raising a child as a single parent on a very low income.

Speaking from New Zealand via skype, Moffitt explained that self-control problems were widely observed, and weren't just a feature of a small group of misbehaving kids.

Even the children who had above-average self-control as pre-schoolers, could have benefited from more self-control training. They could have improved their financial situation and their physical and mental health situation 30 years later.

So, children with minor self-control problems were likely as adults to have minor health problems, and so on. Moffitt said it's still unclear why some children have better self-control than others, though she says other researchers have found that it's mostly a learned behavior, with relatively little genetic influence. But good self-control can be set to run in families in that children who have good self-control are more likely to grow up to be healthy and prosperous parents.

一些小孩在很小的年纪就表现出了高于其他孩子的自控能力。现在，一项新的研究以新西兰的 1 000 名儿童为基础，开始追踪观测一个孩子的低自控能力是如何导致成年后的体弱、经济困难、甚至犯罪问题的。到目前研究者已经观察了这组儿童数十年。他们最早的观察对象主要是孩子们表现出的自控程度。家长、教师，甚至是孩子们自己，以“行动前不动脑”“追寻目标时的毅力”这样的标准给孩子们打分。参与调查的孩子们现在已经是三十多岁的成年人了。杜克大学的特里·莫菲特和她的调研同事们发现，自控力有问题的孩子们到了成年之后往往会面临更多的麻烦和问题。

三到十岁时自控力最差的那些孩子，到三十岁的时候会有最严重的健康问题和财务困难，他们也最有可能有犯罪记录，还更可能身为单身父母以极低的收入养育孩子。

莫菲特在新西兰通过 Skype 软件解释道，自律问题受到普遍关注，这不是一小部分行为不端的孩子才有的特点。

即使是那些拥有高于平均水平自律能力的学前儿童也能从自我控制训练中受益。他们可以借此提升自己在三十年后的财务状况以及身心健康状况。

所以，自律问题较小的孩子成年后也会较少地出现健康问题和其他问题。莫菲特说，尽管其他的研究者已经发现自我控制能力是一种习得的习惯，与遗传关系不大，为什么一些小孩比其他孩子有更好的自控能力仍然是个未解之谜。但是好的自控能力能被根植在家庭中，因为那些自控力强的孩子很可能会成为健康而有成就的家长。

(24) Whereas some of the low-self-control study members are more likely to be single parents with a very low income and the parent is in poor health and likely to be a heavy substance abuser. So that's not a good atmosphere for a child. So it looks as though self-control is something that in one generation can disadvantage the next generation.

(25) But the good news is that Moffitt says self-control can be taught by parents and through school curricula that have proved to be effective. Terrie Moffitt's paper on the link between childhood self-control and adult status decades later is published in the *Proceedings of the National Academy of Sciences*.

而一些自控能力差的研究对象更有可能成为收入很低的单亲父母，他们的身体很差，还很可能大量吸毒。这样就无法为他们的孩子提供好的环境了。如此看来，一代人的低自控力会给下一代人带来负面影响。

而好消息是，莫菲特说自我控制是可以通过家长来培养，也可以通过学校的活动来提高，这已经被证明是行之有效的。

特里·莫菲特关于儿童自控能力与其数十年后成年状态的关系的论文被发表在了《美国科学院学报》上。

全文预测：选项中比较高频率出现的词有 self-control, children, 同时结合 problems, criminal records, disadvantage 等词可以推测，录音内容应该与儿童的自制力有关，同时可能涉及缺乏自控能力可能导致的问题。

23. A) The reason why New Zealand children seem to have better self-control. 新西兰儿童拥有较高自控能力的原因。

B) The relation between children's self-control and their future success. 儿童的自制力与未来成功的关系。

C) The health problems of children raised by a single parent. 由单亲家庭抚养的儿童的健康问题。

D) The deciding factor in children's academic performance. 儿童学习成绩的决定性因素。

【听前预测】选项都是概括性的短语，可以推测问题与文段的大意有关。听音时应重点注意具有概括性的叙述。

Q: What is the new study about?

【解析】这道题的推断需要对整个录音内容理解才能做出。录音介绍了一项针对新西兰儿童自控能力的研究，提到了缺乏自控能力在儿童成年后的消极影响。录音中并没有新西兰儿童与其他国家或地区儿童自控能力的对比，也没有提及新西兰儿童拥有更高的自控能力，因此可以排除选项 A。录音中对单亲家庭的讨论还不足够上升到主旨大意的高度，因此排除选项 C。同理可排除选项 D。综合分析，故选 B。

24. A) Children raised by single parents will have a hard time in their thirties. 单亲家庭的孩子在三十多岁会经历一个困难期。

B) Those with a criminal record mostly come from single parent families. 有犯罪前科的人大部分来自单亲家庭。

C) Parents must learn to exercise self-control in front of their children. 父母必须学着在他们的孩子面前有自控能力。

D) Lack of self-control in parents is a disadvantage for their children. 父母自控能力差可能会给他们的孩子带来不利影响。

【听前预测】根据选项中的关键词 parents, children 可以推测，题目与父母和子女的关系有关，且围绕自制力的主题展开。听音时应重点注意涉及父母与子女关系的内容。

Q: What does the study seem to show?

【解析】录音中引用莫菲特所说，指出父母一辈缺乏自控能力可能会导致下一代也缺乏自控能力，与选项 D 大意基本一致。录音中有提到，“三到十岁时自控力最差的那些孩子，到三十岁的时候

会有最严重的健康问题和财务困难，他们也最有可能有犯罪记录，还更可能身为单身父母以极低的收入养育孩子。”与选项 A 不相符，因而可排除选项 A。选项 B、C 在录音中没有被提及，也可排除。故选 D。

25. A) Self-control can be improved through education.

教育可以提高自控能力。

B) Self-control can improve one's financial situation.

自控能力可以提升个人的经济水平。

C) Self-control problems may be detected early in children.

缺少自控能力带来的问题可以很早在儿童身上被发现。

D) Self-control problems will diminish as one grows up.

缺少自控能力带来的问题会随着个人的成长而减少。

【听前预测】四个选项都与自控能力有关，根据动词 improve, detected, diminish 等，推测问题与自控能力的影响、监测、提升手段等有关。听音时应重点关注对自控能力这些方面的描述。

Q: What does Moffitt say is the good news from their study?

【解析】在录音的最后，莫菲特为家长带来了一个好消息：自控能力可以通过教育进行提升，与选项 A 表述基本一致。选项 B、C、D 没有被明确提及，故选 A。

Part III Reading Comprehension

Section A

全文翻译

机器人革命势必会使人类直面一种古老的恐惧——拥有和人类同等的智力和能力，但却没有道德准则的人造物。随着机器人承担起更多复杂的角色，问题也自然而然地出现了：当机器人做错事的时候，谁该为此负责？制造商？使用者？还是软件编写者？这个问题的答案取决于机器人。

机器人已经为我们节省了时间、金钱和精力。在未来，它们还会提高我们的医疗保障、社会福利以及生活水平。计算机能力和工程技术的进步相结合，最终将使残疾人用上低价的家庭护理，使无人驾驶汽车得到广泛使用，进而减少由于酒驾和分神驾驶引发的交通事故。家政和服务行业也会使用大量机器人，从街道清洁到准备食物都得上它们。

但这也必定会有问题。智能汽车会撞毁，遥控飞行器的操纵者可能会侵犯别人的隐私。机器人割草机可能会碾过邻居家的猫。陪审团同情那些机器的受害者，将会用可能压垮公司的处罚来惩治企业家们。政府要怎么做才能既保护人类又能为创新保留空间呢？

像无人驾驶汽车这种公共安全所依托的大型而复杂的系统应该由有能力保证安全以及对交通事故负责的生产商们建立、规划以及销售。政府应出台安全要求，并让保险公司依据生产商而非乘客的驾驶记录给机器人进行风险定价。

26. A) arises

【语法分析】此处空格前的词是 naturally，考虑到副词修饰的是动词，所以可以排除一定的选项。副词 naturally 前的词是一个名词：question，此处动词应与名词搭配，且名词为单数，动词应是第三人称单数形式，符合条件的词只有 arises 和 ascends。

【语义分析】根据上下文句意判断，句子想表达的意思应该是“问题通常这么产生……”，因此动词应具有产生、发生的含义，可以选定 arises，故选 A。

27. D) combination

【语法分析】the...of 的结构可以帮助判断中间所填的应当是名词。由于后面所用的动词为情态动词 will，无法判断名词的单复数形式。选项中可以作为名词的有 bound, combination, manifesting, penalties 和 victims。

【语义分析】bound 作名词有“范围”的意思；combination 有“结合”的意思；manifesting 意为“证明”；penalties 意为“罚款”；victims 则是“受害者”的意思。根据随后文段的内容“computational power and engineering advances will...”的意义判断，combination 最为合适，即计算机能力和工程技术的进步相结合将会……，故选 D。

28. F) eventually

【语法分析】空格处之后的部分不缺少谓语和宾语，可以判断所需填的单词是一个副词，修饰后面的部分。符合条件的词仅有 eventually 和 proximately。

【语义分析】结合前一个空格所填内容分析，此处想要表达的意思是“计算机能力和工程技术的进步相结合将……使残疾人用上低价的家庭护理”。proximately 意为“大约”，代入空格处不符合语境；eventually 意为“最终”，符合上下文的语境要求，故选 F。

29. O) widespread

【语法分析】空格位于名词 use 之前，也是 enable 的宾语，可判断空格处所填单词是形容词，修饰名词 use。选项中形容词有 definite, programmed, bound 和 widespread。

【语义分析】从空格处开始的句子部分的含义为“促进无人驾驶汽车……使用，来减少由醉酒驾驶和分神驾驶引发的交通事故”。由选项中形容词的含义判断，definite 意为“确定的”，programmed 意为“程序化的”，bound 意为“必然的”，而 widespread 意为“广泛的”，符合语境要求，故选 O。

30. C) bound

【语法分析】空格处位于系动词 are 之后，不定式 to be problems 之前，可判断该空所填词的词性为形容词。除去已经被选过的 widespread，还有三个单词符合词性的要求，分别是 definite, programmed 和 bound。

【语义分析】空格处于 there be... to do 的句型中，代入 definite, programmed 和 bound。形容词 definite 虽然有“一定的，确切的”之义，但是不符合此处搭配；be bound to do 有“必定会……”的意思，符合语境要求，故选 C。

31. H) invade

【语法分析】空格处位于情态动词 will 之后，名词词组 someone's privacy 之前，可判断该空所填词的词性为动词，且为动词原形形式。符合要求的词有 interfere 和 invade。

【语义分析】interfere 意为“干涉，干扰”，但为不及物动词，因此可以排除。动词 invade 有“入侵，侵犯”的意思，符合语境要求，故选 H。

32. N) victims

【语法分析】空格处位于定冠词之后，介词 of 之前，可判断该空所填词的词性为名词。符合条件的词有 manifesting, penalties 和 victims。

【语义分析】根据句意“陪审团同情那些机器的……”判断，此处应选择 victims “受害者”才符合语境要求，故选 N。

33. J) penalties

【语法分析】空格处位于形容词之后，且结构上与名词 damages 并列，可判断该空所填词为复数名词。符合要求的词只剩下 penalties。

【语义分析】填入 penalties “惩罚，惩处”，整句话的意思为“将会用可能压垮公司的处罚来惩治这些企业家”，符合语境要求，故选 J。

34. K) preserving

【语法分析】空格处位于连词 while 之后，名词 space 之前，可判断该空所填词的词性为动词。动词通常以现在分词的形式在连词 while 之后出现，表示同时发生的动作。这里符合条件的词有

manifesting 和 preserving。

【语义分析】整句话可以译为“政府应当做什么来保护人类，同时……创新的空间”。manifesting 意为“显示，表明”，不符合语境要求。而 preserving 意为“保留，保存”，符合语境要求，故选 K。

35. L) programmed

【语法分析】空格处位于动词 built 之后，sold 之前，可判断该空所填词的词性为动词，且为一般过去时形式。符合条件的词只有 programmed。

【语义分析】本句含义为“负责任的生产商应该建立……和销售像无人驾驶汽车这样的（系统）”。programmed 意为“规划，计划”，符合语境要求，故选 L。

Section B

36. With a tax imposed on expensive health insurance plans, most employers will likely transfer money from health expenses into wages.

译：昂贵的医保计划会被征税，因此大多数雇主可能会将用在医保上的支出转移到工资上来。

37. Changes in policy would be approved or rejected as a whole so that lobbyists would find it hard to influence lawmakers.

译：国会将通过或者否决全部的改革措施，这样说客就很难对立法者产生影响。

38. It is not easy to curb the rising medical costs in America.

译：美国医疗费用的上涨难以控制。

39. Standardization of forms for automatic processing will save a lot of medical expenses.

译：标准的自动化处理流程可以帮助节省一大笔医疗开支。

40. Republicans and the insurance industry are strongly opposed to the creation of a public insurance plan.

译：共和党和保险行业强烈反对设立公共医保计划。

[F] 参议院金融法案将针对个人费用高于 8 000 美元或家庭费用高于 21 000 美元的健康保险计划征收消费税。这很可能导致保险公司重新设计保险计划以把金额降到门槛以下。参与者必须自掏腰包来支付各种服务费用，而这会使他们重新考虑一项昂贵或多余的检查是否值当。经济学家预测，大多数雇主会把钱从昂贵的健康福利待遇挪到工资上。众议院法案中没有类似的税目，但最终的立法中应该有。

[J] 除非好的试验能被认同并推广，不好的试验被放弃，测试上的创新才算得上有用。参议院法案会组织一个独立的委员会用于监管试点项目，对理疗费用政策的改变提出建议，并促进供应方进行有效的改革。这些改革会作为一个整体被委员会批准或否决，这就使代表个别人利益的说客很难让立法者屈从自己的意志了。

[A] 美国人非常关心无节制上涨的医疗费用和医保费用，他们想知道改革是不是能帮助解决这一问题。答案是，对于不断上涨的医疗费用，没人能给出简单的解决方案。基本的解决方式，如改变医保服务的落实方法以及畸形低效的医生支付体系等，都必须要通过反复试验和积累来达成。

[G] 任何一个与各种保险公司的各类表格打过交道的医生或试图了解其保险条款声明的病患都知道，这种简化就意味着省钱。当健康保险公司还在配合改革力量时，它们的交易部门提供了能自动处理流程的标准化表格。据估计，这个措施能在未来十年里节省数千亿美元。法案会把该项内容锁定到法律中。

[L] 最终的立法可能会在竞争队伍中加入一项公众计划，但由于保险业和共和党评论家的强烈反对，这一计划可能没法节省多少钱。众议院法案中的提议将不得不与供应方协调费率，而不是像改革派们期望的那样直接使用医疗保险率。

41. Conversion of paper to electronic medical records will help eliminate redundant tests and prevent drug interactions.

译: 把纸质病历转换为电子医疗记录可以帮助筛除不必要的检查, 防止药物相互作用。

42. The high cost of medical services and unnecessary tests and treatments have driven up medical expenses.

译: 医疗服务的成本过高以及不必要的检查和诊疗推动医疗费用的上涨。

43. One main factor that has driven up medical expenses is that doctors are compensated for the amount of care rather than its effect.

译: 导致医疗成本增加的一个主要因素是医生按照提供诊疗的次数而非诊疗的效果收费。

44. Contrary to analysts' doubts, the author believes drug prices may be lowered through negotiation.

译: 与一些分析人士的怀疑态度不同, 作者认为能通过谈判降低药品价格。

45. Fair competition might create a strong incentive for insurers to charge less.

译: 公平竞争会促使保险公司降低产品定价。

[H] 刺激计划提供资金, 把低效的纸质医疗系统转变为可以被方便查看和传输的电子记录。需要开放投资来帮助医生们完成这一转变。届时它应该能通过减少多余的检查、防止药物相互作用, 以及帮助医生找到最佳疗法来控制医疗成本。

[C] 医疗费用的上涨一般比工资和整体经济的增长都要快, 它由两个要素推动: 这个国家医疗服务的高收费以及由医生和医院提供的大量不必要的医疗服务, 后者一般表现为超出患者需要的过量检查和治疗。

[I] 实际上所有的专家都认为以治疗次数而非质量和效果作为医生的回报机制的医疗费用体系是医疗费用高昂的主要原因。大多数人同意, 解决办法就是让医生接受以固定的费用在一年之内治疗特定疾病或特定患者。没人知道如何让这快速实现。参议院和众议院的法案都会以医疗项目作为试点。这其中包括建立根据病人需求监管医疗成本和质量的医疗组织, 以及对慢性病的管理, 确保这些要花掉很多钱的严重疾病能得到妥善的治疗。很大程度上, 这些常识都需要用奖励性收入鼓励医生去尝试。

[P] 众议院法案将授权卫生与公共服务部部长去协商医疗保险和医疗补助相关的药品价格。一些权威分析人士怀疑, 相比现在的私人保险公司, 部长是否能争取到更好的价格。我们认为协商会起作用, 在其他很多国家就是如此。

[K] 两院的法案都表示将建立医保交易所, 小企业和个人能从其中的一系列私人计划甚至公共项目中进行选择。所有的计划都必须提供方便比较的标准化福利待遇组合。为了能接触到数以百万计的客户, 保险公司会很有动力在交易所里做生意。这种面对面的竞争会让他们有足够的意愿通过接受更低的利润率的方式或者通过从供应方那里获得更好交易的方式来降价。

替换词汇总:

1. shift from (转换, 转移) $\approx$ transfer from (转换, 转移)
2. influence lawmakers (影响立法者) $\approx$ bend lawmakers to their will (说服立法者)
3. strongly opposed to (强烈反对) $\approx$ the fierce opposition of (强烈的反对)
4. driven up (迫使上升) $\approx$ be propelled by (被推动)
5. be compensated for (被补偿) $\approx$ be rewarded for (被奖励)
6. charge less (收费更少) $\approx$ lower their price (降低他们的价格)

段中“它给贫穷的城市农民和需要能支付得起的食品的消费者带来的社会和经济效益远大于这些风险”可以判断,使用污水利大于弊,选项C符合文意,故选C;选项A“它的风险不能被高估”在文中没有明确提及;选项B“它应该被彻底禁止”,与文意不符;选项D“它正在污染百万英亩的农田”也没有被提及。

47. What is the main problem caused by the use of wastewater for irrigation?

- A) Rivers and lakes nearby will gradually become contaminated.
- B) It will drive producers of chemical fertilizers out of business.
- C) Farmers and consumers may be affected by harmful bacteria.
- D) It will make the farm produce less competitive on the market.

【快速定位】由题干中的the main problem和the use of wastewater for irrigation可定位到文章第五段。

【解析】本题考查的是污水灌溉导致的主要问题。选项A“附近的河流和湖泊都将逐渐受到污染”没有被明确提及;选项B“利用污水灌溉会使化肥生产商倒闭”也没有被提及;选项D“利用污水灌溉会减少农产品在市场上的竞争力”与文意相反,可以排除;选项C“农民和消费者都可能受到有害细菌的影响”与第五段第一句意思一致,故选C。

48. What is environmental scientist Pay Drechsel's attitude towards the use of untreated human waste in agriculture?

- A) Favorable.
- B) Skeptical.
- C) Indifferent.
- D) Responsible.

【快速定位】由题干中的Pay Drechsel和use of untreated human waste可定位到文章第五段最后一句。

【解析】第五段最后一句中帕伊·德雷克斯勒说道,使用未经处理的人类排泄物灌溉农田所带来的社会和经济效益比其带来的健康危害重要,因此可以判断他是支持这一说法的,故选A。

49. What does Pay Drechsel think of the risks involved in using untreated human waste for farming?

- A) They have been somewhat exaggerated.
- B) They can be dealt with through education.
- C) They will be minimized with new technology.
- D) They can be addressed by improved sanitation.

【快速定位】由题干中的Pay Drechsel和the risks involved in...可定位到文章第五段最后一句和第六段第一句。

【解析】选项A、C、D都没有被明确提及;选项B与文章第六段的第一句“这个问题可以通过教育农民和消费者来解决”相符,故选B。

50. What do we learn about James Bartram's position on the use of human waste for farming?

- A) He echoes Pay Drechsel's opinion on the issue.
- B) He challenges Liqa Raschid-Sally's conclusion.
- C) He thinks it the only way out of the current food crisis.
- D) He deems it indispensable for combating global poverty.

【快速定位】由题干中的James Bartram's position和the use of human waste for farming可定位到文章最后一段。

【解析】选项A提到的帕伊·德雷克斯勒的观点是污水灌溉带来的社会和经济效益比其危害更重要,符合文意;选项B提到利加·拉希德·萨莉认为污水灌溉利弊共存,而由最后一段的引用可知,詹姆斯·巴特拉姆也认为污水灌溉会带来好处,二人意见相似,因此可排除选项B;选项C“他认为这是摆脱当前粮食危机的唯一方法”和选项D“他认为这是战胜全球贫困所必需的”都不是詹姆斯·巴特拉姆的观点,可排除。故选A。

◆ Passage Two

全文翻译

目前,没有人需要去做饭了。许多家庭吃高胆固醇的外卖和微波即时餐。做饭成为一个偶尔的兴趣和大厨的工具。奇怪的是,厨房已成为现代住房的中心:厨房之于21世纪的房子,就像大厅之于中世纪的城堡一样重要。

厨房的花费随着其地位的上升而上升。美国的厨具市场目前价值1700亿,是美国电影业的5倍。截至2007年8月,瑞典家具连锁店宜家家居在世界范围售掉超过100万个厨具。而据《家装》杂志的计算,2006年厨房大修的平均预算费用高达5.4万美元,甚至连小修的平均预算也达到了1.8万美元。

世界高端时尚特有的排外性,现在也已经进入到厨房中:做私人定制厨房的生产商罗宾逊 & 柯尼施提供价格在14.5万至15.5万英镑的乔治时期风格的厨房设计,这些费用并不包括建造、接管子和电力工作。它的卖点就在于别人无法拥有:“你不会在世界别的地方见到同样的厨房。”

从曾属于仆人的房间到现代家庭的设计展览室,厨房地位的提升讲述了一个世纪的社会变革。早在20世纪初,厨房是一个多位于地下和屋后的呛人又嘈杂的地方。它们尽可能地远离生活区。这也是它本应有的地位:厨房是属于仆人的,有追求的中产阶级是不想与它有什么关联的。

但是随着工人阶级的壮大和仆人的短缺,做家务成为了知识阶级所感兴趣的事。凯瑟琳·埃斯特·比彻是一位对于厨房有着激进新观念的领袖。她是哈里耶特·比彻·斯托的姐姐。在1869年出版的《美国妇女家居》中,两姐妹介绍了一种家居管理的科学方法。这个方法的目的是为了提提高妇女工作的效率并增强秩序。

许多对于厨具设计的现代观点都可以追溯到另一个美国人克莉斯汀·弗雷德里克。她着眼于提高家庭主妇的效率。她1919年的作品《家务工程:家庭的科学管理》是基于对家庭妇女日常工作细致观察写出的。她借鉴了工厂的效率原则并把它运用到厨房的家务中。

弗雷德里克的主要思想就是炉子、水池和厨房案台一定要放置到位,使得无用的步骤能够完全避免。这个思想促使了玛格丽特·舒特·利赫斯基在20世纪20年代设计了第一个设备齐全的厨房。这是一个现代主义的成功,而且许多过去的元素仍是现代厨房中的核心特色。

【全文脉络】本文概述了厨具市场的发展历程,从历史和当代人现实需求的角度凸显了厨房在21世纪家居中的核心地位。第一段主要起到引出主旨的作用,第二至七段都是对厨具市场发展历程的描述。

51. What does the author say about the kitchen of today?

- A) It is where housewives display their cooking skills.
- B) It is where the family entertains important guests.
- C) It has become something odd in a modern house.
- D) It is regarded as the center of a modern home.

【快速定位】由题干中的 author 和 kitchen of today 可定位到文章第一段的最后一句。

【解析】文章第一段的最后一句提到厨房已成为现代住宅的核心,与选项D表述基本一致;选项A“厨房是主妇展示厨艺的场所”,而文中并没有提到主妇;选项B“厨房是款待重要宾客的场所”没有被提及;选项C“厨房已经成为现代家居中很古怪的一个部分”,与文意不符。故选D。

52. Why does the Georgian-style kitchen sell at a very high price?

- A) It is believed to have tremendous artistic value.
- B) No duplicate is to be found in any other place.
- C) It is manufactured by a famous British company.
- D) No other manufacturer can produce anything like it.

【快速定位】由题干中的 Georgian-style kitchen 可定位到文章第三段。

【解析】选项A“据说有极高的艺术价值”和选项D“其他的制造商都无法制造类似的厨房”都没有明确被提及,可排除;选项C“由一家著名的英国公司制造”不是其价格高的原因;选项

Section C

◆ Passage one

全文翻译

据一个最新报道,在面对水资源短缺和持续增加的化肥费用的问题下,发展中国家的农民们使用下水道污水来灌溉滋养近4900万英亩的农田。这种方法或许并不是一个坏事。

虽然这种尝试会给许多人带来严重的健康风险,但是它给贫穷的城市农民和需要能支付得起的食品的消费者带来的社会和经济效益远大于这些风险。

领导这项研究的利加·拉希德·萨莉说:“废水农业有很大的潜在可能去帮助和伤害众多城市消费者。”

这个报道主要关注于贫穷的城市地区。这些身处或靠近城市的农场能提供相对便宜的食物。这些农场的运行大多要靠从当地河湖里抽取灌溉水。然而,不同于发达城市,这些地区缺乏先进的水处理设备,因此河流也实际上变成了下水道。

当这些水资源被利用成农业灌溉水,农民们将有可能面临吸收致病细菌的风险,而那些吃掉生的、未清洗的产品的消费者们也将面临同样的风险。根据世界卫生组织的数据,每年近220万的人死于与腹泻相关的疾病。而其中超过80%的事例可以归结于接触污染水和缺乏卫生条件。但是,一位环境科学家帕伊·德雷克斯勒却说,通过使用未处理的人类废弃物去生产食物所产生的社会和经济效益比健康风险更重要。

他说,这些风险可以通过教育农民和消费者解决,而人类排泄的免费水资源和营养物可以帮助发展中国家的城市农民摆脱贫困。

农业是一个极耗水的产业。农业耗水量占世界淡水资源消耗量的70%。

在贫困、干旱的地区,未处理的废水是农民唯一可以用来灌溉的水资源。在某些水资源急缺的情况下,农民会破坏下水管道,运输废水到当地河流。

在发展中国家,灌溉是人类废水在农业上的主要用途。但是从厕所中收集的未处理的人类排泄物经常会被送到农场并作为肥料喷洒。

在大多数情况下,人类排泄物是用在最终被烹调的谷类作物上的。这些作物会减少因水所传染的疾病的风险。随着去年某些地区肥料价格每吨上涨了近50%后,人类排泄物成为一个有吸引力的且必要的替代品。

在使用污水泥浆的地区,可以不再使用昂贵的化肥。因为这种泥浆含有相同的关键营养物质。

世界卫生组织的水健康专家詹姆斯·巴特拉姆说:“过于严苛的标准通常会失效。这个星球大部分地区都需要接受这一现实。所以使用轻微处理或零处理的废弃物是有充分的理由的。”

【全文脉络】本文讲述了当前发展中国家所面临的污水灌溉问题,分析其成因及可能带来的危害,同时也指出,未经处理的人类排泄物种用于植农产品所带来的社会经济效益远大于其所带来的风险。文章第一段引用一项最新的报道,引出观点:污水灌溉可能不是一件坏事;第二至六段进一步阐释了这一观点,其中还提到了可能带来的风险;第七至十一段描述了发展中国家农业用水的现状,并阐述了人类排泄物的利用价值。最后一段引用世界卫生组织水健康专家的话,再次点明文章主旨,总结全文。

46. What does the author say about the use of raw sewage for farming?

- A) Its risks cannot be overestimated.
- B) It should be forbidden altogether.
- C) Its benefits outweigh the hazards involved.
- D) It is polluting millions of acres of cropland.

【快速定位】根据题干中的 the use of raw sewage for farming 可以定位到文章第一段和第二段。

【解析】文章第一段说到,使用下水道污水对农田进行灌溉和施肥也许不是一件坏事。结合第二

B “不可能在世界其他地方找到复制品”与第三段所说的卖点在于绝无仅用，不会在其他地方见到的表述基本一致，故选 B。

53. What does the change in the status of the kitchen reflect?

A) Improved living conditions.

C) Technological progress.

B) Women's elevated status.

D) Social change.

【快速定位】由题干中的 change in the status 和 reflect 可定位到文章第四段第一句。

【解析】文章第四段第一句提到厨房地位的提升同时也反映了社会的变革，出现了关键词 social change，与选项 D 一致，故选 D。

54. What was the Beecher sisters' idea of a kitchen?

A) A place where women could work more efficiently.

B) A place where high technology could be applied.

C) A place of interest to the educated people.

D) A place to experiment with new ideas.

【快速定位】由题干中的 the Beecher sisters' idea 可定位到文章第五段最后一句。

【解析】文章第五段最后一句中 the Beecher sisters 提到一种家居管理的科学方法，其目的是提高女性的工作效率，与选项 A 大意基本一致，故选 A。

55. What do we learn about today's kitchen?

A) It represents the rapid technological advance in people's daily life.

B) Many of its central features are no different from those of the 1920s.

C) It has been transformed beyond recognition.

D) Many of its functions have changed greatly.

【快速定位】该题考查对文章大意的把握，需定位到全文。

【解析】选项 A、C 没有被明确提及，可排除；选项 D 存在过度解读，也可排除；选项 B 与文章最后一句话所说的“许多过去的元素仍是现代厨房的核心特色”基本一致，故选 B。

Part IV Translation

参考译文

Shenzhen is a newly-developed city in Guangdong Province, China. Before the reform and opening up, it was only a fishing village with a population of just over 30,000. In the 1980s, the Chinese government established Shenzhen Special Economic Zone as a pilot of the socialist market economy. Today, Shenzhen has a population of more than 10 million, and dramatic changes have taken place.

By 2014, the per-capita GDP of Shenzhen has reached 25,000 USD, which amounts to that of some developed countries. In terms of comprehensive economic strength, Shenzhen is among the top-tier cities in China. Owing to its unique position, it is a perfect place for both domestic and foreign entrepreneurs to start their own businesses.

翻译点睛：

1. 第一段第一句中“新开发的城市”可以用 newly-developed city。
2. 第一段第二句中“改革开放”可以用 the reform and opening up。
3. 第一段第三句中“深圳经济特区”可以用 Special Economic Zone，“社会主义市场经济”可以用 socialist market economy。
4. 第二段第二句中“就……而言”可以用 in terms of，“综合实力”可以用 comprehensive economic strength。

文章标题

Shenzhen is a newly-developed city in Guangdong Province, China. Before the reform and opening up, it was only a fishing village with a population of just over 30,000. In the 1980s, the Chinese government established Shenzhen Special Economic Zone as a pilot of the socialist market economy. Today, Shenzhen has a population of more than 10 million, and dramatic changes have taken place.

By 2014, the per-capita GDP of Shenzhen has reached 12,000 USD, which amounts to that of some developed countries. In terms of comprehensive economic strength, Shenzhen is among the top-tier cities in China. Owing to its unique position, it is a perfect place for both domestic and foreign entrepreneurs to start their own businesses.

第一段第一句中“新开发的城市”可以用 newly-developed city.
第二段第二句中“改革开放”可以用 the reform and opening up.
第三段第三句中“深圳经济特区”可以用 Special Economic Zone, “社会主义市场经济”可以用 socialist market economy.
第四段第二句中“就……而言”可以用 in terms of, “综合实力”可以用 comprehensive economic strength.
